SPECIAL PRICE LIST

Dickmann-Dusard Seeds

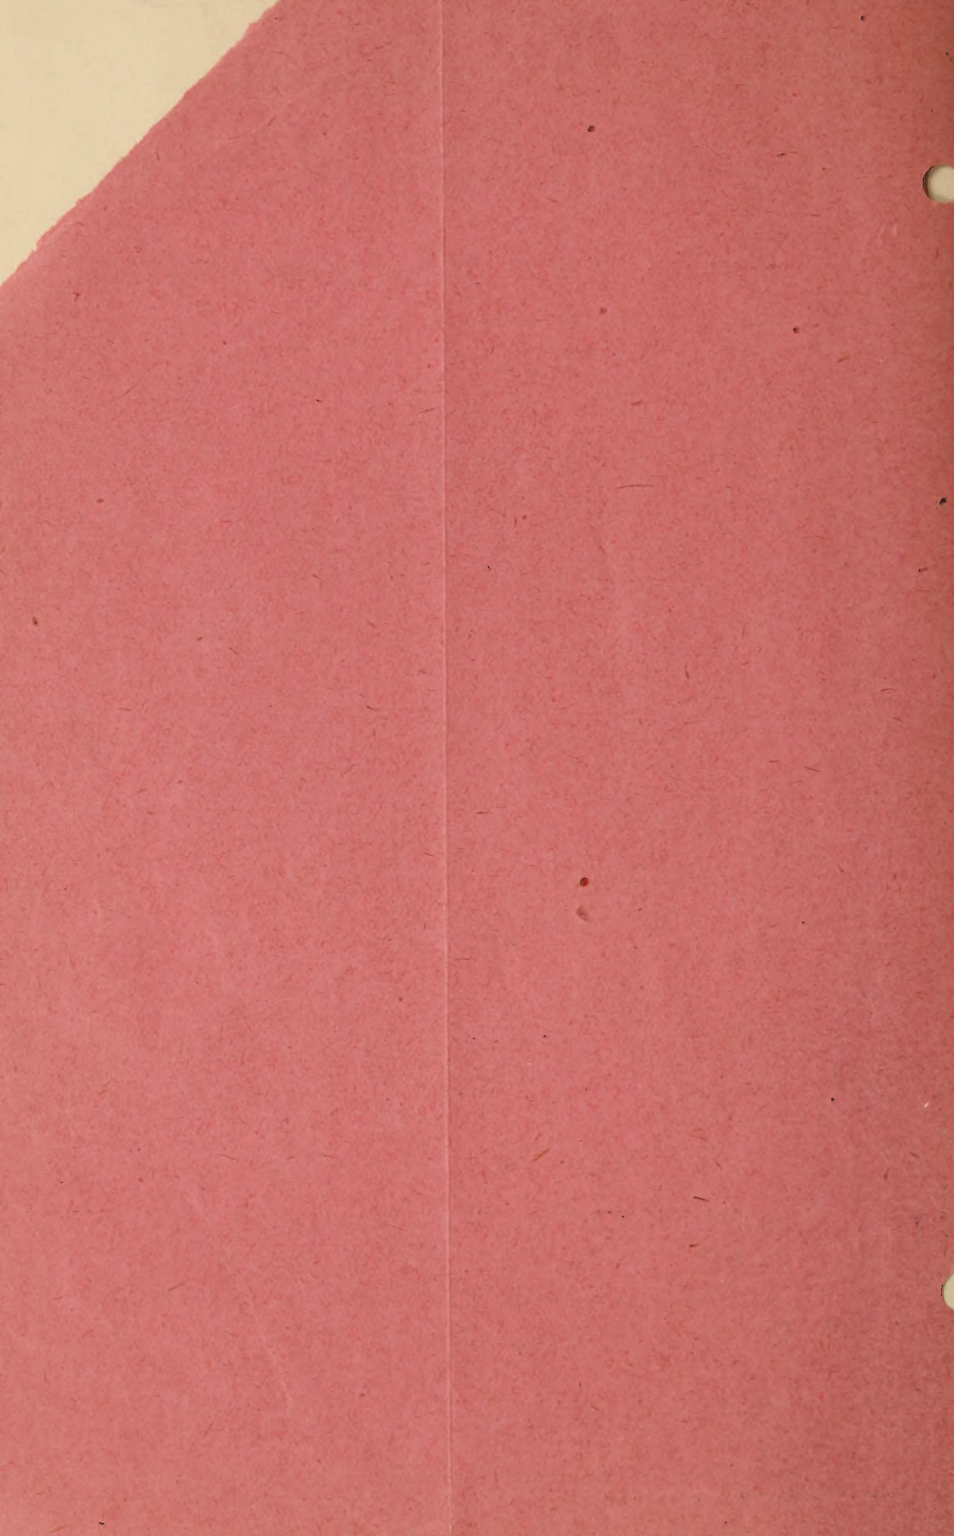

Garden, Field and Flower Seeds.

THE QUICKEST PEA ON RECORD.

IMPLEMENTS, FERTILIZERS AND
POULTRY SUPPLIES OF ALL KINDS
AT REASONABLE PRICES. BULBS
OF ALL KINDS IN SEASON. ❁ ❁ ❁

Nos. 1110-12 N. Third Street, ❁ ST. LOUIS, MO.

IN presenting our Annual Price List we feel it our duty to thank our many friends and customers for the liberal patronage bestowed upon us for so many years. We would also respectfully suggest that you give the prices in this list your careful attention.

We do not boast of being the largest or the oldest seed house in America or, as some claim, in the world.

If you have been dealing with us, you know us; if not, give us a trial order and we will have you for a customer.

We strive to tower above all when it comes to quality.

It will be to your advantage to send your orders early, as many articles are short this year.

Thanking you for all past favors, and hoping to receive a continuance of same, we are, very respectfully,

Dickmann-Dusard Seed Co.

NOTICE.

The severe drought experienced the past season has caused many varieties of seed to be very short, especially Peas and Potatoes. It is, therefore, to your interest to order at once, as prices are certain to rise as the season advances.

In order to persuade planters, either for profit or pleasure, to try our seeds, we will mail any ten packets of our Vegetable or Flower Seed catalogued at 5c. each for 25c. in silver or postage stamps. A trial will convince you.

Send for samples of our White's Excelsior Tomato and St. Louis Late Market Cabbage.

Let some of our young friends visit their neighbors and get them to give us a trial order for 10 packets. Write to us, boys and girls, for particulars; we will help you to make a little pocket money.

SPECIAL OFFER.

To anyone sending us the names of five farmers or gardeners we will send postpaid five five-cent packages of any seed mentioned in our list.

THE BEST IS ALWAYS THE CHEAPEST.

FLOWER SEEDS.

Annuals and Other Flowers Blooming the First Year from Seed.

In this order we include not only Annuals that bloom and die the first year, but also those Perennials that flower freely the first year from seeds. Upon this class of plants the garden is dependent for many of the brightest, most showy and beautiful flowers, and consequently, we have taken special care in the growth and selection of the choicest seeds. We have this year transferred to the following pages many novelties of recent introduction and of real beauty. For Flower Seeds by the pound or ounce, send for special prices.

On all orders for Seeds in Packets, the purchaser may select Twenty-five Cents worth extra for each One Dollar sent us. Thus—any one sending \$1.00 can select in packets amounting to \$1.25; for \$2.00, seeds in packets to the value of \$2.50, and so on.

Seeds of Annual Climbers.

In the flower garden and for the adornment of rural homes, no class of flower is more useful than these. Many a trellis, fence, tree-stump or veranda, otherwise unattractive, can be made beautiful by planting seed of rapid-growing climbers. We recommend a liberal use of seeds of a number of varieties. By a careful reading of the following list a judicious selection can easily be made.
